

ANOTHER LIBRARY RELATED SECURITY PERFIN by Roy Everett.

Having been ordering fiction works of old from the local library they had to submit applications to the Metropolitan Joint Fiction Reserve of the British Library to obtain copies. Whereas "G" was with Islington Libraries (See Bulletin 230, Aug.'87 Pg.15) "H" is with Camberwell Libraries and it appears that they too perfinned the flyleaves of retained sole copies in the Reserve. This security perfin appeared on a volume "Reserved 12-8-1965".
